Option 1: If it were up to you to choose one item from the twenty-first century to place in a time capsule for future generations what would you choose? In a well written paragraph use specific reasons and examples to support your choice, explaining both the item's significant and the reasons why it embodies the culture of the early twenty-first century.

Option 2: You have a social studies project due in one week. The assignment is to research another country. You have to draw a map of the country and write about the people who live there. You also have to cook something people in that country would eat. Bulgaria is the country you've been assigned. Strategy: Be a Future Sketcher!
